SATs

Next week, the year 6 children will be sitting their tests. They are a brilliant group of children and we are very proud of them regardless of test outcomes. Of course we want them to do as well as they can, but we don't want them to feel stressed. Please join us in being extra kind to our fantastic year 6 children

Picking children up early

It is very important that all children attend every school day possible, for the entire day. Children should not be picked up early from school unless this has been previously agreed. We would agree an early pick up for a medical appointment. If you turn up early to collect your child for other reasons, our admin staff will politely ask you to come back at the end of the school day.

South Haringey School

Dear Parents/Carers,

Sunshine

With all this good weather there has been great outdoor learning going on at school. Follow these links to our website for a few more photos of the children learning outside:

Science Week and Art week

Science week is almost upon us. Stephanie, our science coordinator and year 4 teacher, has organised a busy and exciting week. There will be special guests and competitions. We will share lots of

photos and news with you later.

Mel, our art coordinator and year 1 teacher, is planning our art week which will take place the week beginning 9th July. She is interested in talking to any parents/carers who have professional experience with film. Please see Mel, or make contact with the office, if this is you.

Election Day

We are so pleased we didn't need to close for the recent council election even though we still used part of the school as a polling station. We feel this worked well and we hope Haringey electoral office agrees, so we can continue this arrangement for future elections.
