Dear Parents/Carers

**Re: The Green waiting list**

Unfortunately, the school are not yet in a position to offer places or to increase capacity to any children attending The Green or on the waiting list.

Please be patient with us, as we are looking at expanding the service. However, due to the current covid-19 guidelines we have been restricted by the number of children we can have in the setting.

We envisage that, when we return from the Summer holidays in September the covid-19 guidelines will be lifted and therefore, we will be in a better position to re-evaluate the situation. Our objective will be to reduce or to be able to fully offer places to all those on the waiting list.

Once we have fully evaluated the situation, we will be confident to offer an extended and sustainable service, and will communicate this with you as soon as possible.

Kindest regards,

*Mike Gordon*
