

By now we are sure that you have read the summer fair minutes several times over and pondered at great length exactly where your particular skill set could come in useful for the Summer Fair. Even so, we thought we would mention a few particular opportunities and ways to get involved.

#### RAFFLE

We have already had some fantastic prizes donated from parents and local business alike, but we would love some more. Prizes so far include:

- Vouchers at local eateries
- A deep tissue or hot stone massage
- 2 lessons at Sparks Islington's film making classes
- a week at a Rose Academy's holiday camp
- Incredible beauty bits
- 2 hour design consultation with a fabulous interior designer

If you think you or your company could contribute to our raffle please do get in touch – all donations are welcome!

#### EQUIPMENT

This newsletter we're asking for GAZEBOS - if you have some kind of gazebo you're willing to lend us for the day let us know!

#### SIGN UP SHEETS

We will be releasing sign up sheets via classlist every week or so (so as not to overload your phones / emails) with pre-fair jobs, on the day jobs and clean up jobs as well. Whilst these will be set up as 'events' please read the description of the particular task you're signing up for as that is where the crucial information is. If you have already told us that you are volunteering for a particular thing, that has already been taken into account on the sign up sheet so no need to re-volunteer, we've locked you in already!

#### CORPORATE MATCH FUNDING

Our fundraising benefits enormously from corporate match funding and donations in kind. If your employers have any schemes we, as a registered charity, could sign up to please let us know.
