Art

In art year 2 have been to practising their sculptural skills by making clay tiles. They created the patterns using different objects, like Lego. After waiting for the clay to dry, they delicately painted them. [You can see some photos here.](#)

You may remember, back in March, we encouraged children to enter the Young Artist Summer Show 2023: an art competition organised by the Royal Academy of Arts. Children were free to express themselves creatively, using any medium they wished, such as drawing, photographs, sculpture or any other installation. We are thrilled to share that three of our pupils: Euan (5 Magnolia); Sofi (4 Poplar); and Billy (Red Class) have been accepted into the Young Artists' Summer Show 2023 online exhibition. Please take a moment to visit the Young Artists' Summer Show 2023, which launches online on Tuesday 18 July, where you will be able to see the children's fantastic artwork. Well done Euan, Billy and Sofi!

[You can view a picture of Euan's artwork, entitled, 'We Are All Different', by clicking here](#)

Sports

On Wednesday 28th June, our Netball team travelled to Belmont School to play a three-way tournament against Belmont and Chestnuts. It was our first netball match since the start of the year, however the training throughout the year definitely paid off! From the off, our team played some fantastic netball with lots of energy and professional aggression-setting up and scoring some great chances! We managed to beat both Belmont and Chestnuts to win the tournament. A special mention to Laila who despite being the only year 5, was voted player of the tournament. Well done Laila, Lola, Red, Georgie, Margot, Scout, Lily and Florrie- you have done us proud!

South Haringay School

Dear Parents/Carers,

Summer Fair

Our summer fair this year was one of our best ever. It was fantastic weather and we had a huge turnout. We would like to thank all of the parents/carers who turned up on the day to help set up, clean up and all of the fun stuff in between. An extra special thank you to Lucy and her PSA team who started all of their hard preparation work weeks ago. A special thank you also to those who made generous donations including David's Meats and Dorito our local masseuse to name just a few.

Trips

Last Wednesday, Year 6 took part in the Urban Nature Project, which is led by the Natural History Museum. As you may be aware, wildlife is in trouble in the UK for a variety of reasons. The aim of this project is to monitor how biodiversity is changing in cities and towns, in order to better understand and protect the nature around us.

Throughout the trip, the children were required to use their knowledge of different species and their skills of classification. They devised an investigation to answer the question, 'What is the impact of human activity on biodiversity in Hyde Park?' Using a quadrat, they compared and contrasted the biodiversity of the parade ground and the meadow within the park. Once the data was collected, they presented their result in the form of a human bar graph. As always, the children were beautifully behaved- a real pleasure to work alongside! [You can see some photos by clicking here.](#)

On Thursday, both of our Year 1 classes set off, very excited, for their trip to London Zoo. They saw tigers, lions, reptiles, monkeys, komodo dragons, butterflies, penguins and many more amazing creatures! Additionally, they learned about where different animals live in the world; the characteristics of their habitats; and what different animals eat. The children's behaviour was fantastic and their enthusiasm was infectious! Well done

Year 1- What a fantastic day we had! [You can see some photos by clicking here](#)

Sports Day

Both our Infant and Junior Sports Days were a super success this year. We had: great weather; happy children and many parents and carers attending to support, watch and even participate in their own races! Thank you to those parents and carers who gave their time to support activities on the field, as well as walking to and from the event. Well done to Adam and Rhiannon from Rose Academy for their brilliant organisation and wonderful enthusiasm on the days. [You can see some photos by clicking here.](#)

Pupil Places

We do have a number of places in some of our classes which are keen to fill. Our current year 4 classes have the most spaces. If you know of any families with children of year 4 age looking for an excellent school, we would gladly welcome them. We are always happy to provide prospective families with a tour of the school and we can then sign post them to Haringey who handle the admissions process.

Record breaking funds made at the Summer Fair

The Summer Fair was buzzing! It's as if the whole of Haringay turned out to enjoy the day. The big news is we raised over £9,000. WOW! All your effort and donations will be spent improving the school.

We have a LOT of thank yous, so here goes. Thank you to;

- parents who volunteered in any way, from bringing donations, manning stalls, to helping set up or tidy up on the day. Your help is hugely appreciated. The fair couldn't run without parents like YOU!
- [Goodness Brewery](#) for donating the delicious craft beer (which we enjoyed too much)
- [David's Meat](#) who donated the delicious bbq food and to head chef Joel (from Daddy Donkey Mexican Grill)
- [The Salisbury](#) for donating the Pimms
- [Dorito's Massages](#) (very welcome respite)
- all our raffle prize givers (made a lot of parents happy)
- [Winkworth](#) for being our main sponsor
- teachers for supporting us on the day and for getting soaked in the stocks
- PSA team for all their efforts
- and in case I forgot anyone, thank you!

Every summer, yr2 and yr6 are treated to a special end of year disco. Both discos will have a beach theme this year. The discos are a rite of passage as yr2 wave goodbye to infants and yr6 bid farewell to South Haringay. If you would like to help with hosting either disco please email psa@friendsofsouthharingay.org

MATHLETICS

Our mathlete for last week: Joshua Yellow class 5730 points

Our mathletics class last week: 5 Elm

Our mathlete for this week: Karolinnny 4 Cherry 1770 Points

Our mathletics class this week: Yellow class

Accelerated Reader

Our star readers for last week: Olive 3 Willow

Joseph 4 Cherry

Benjamin 5 Elm

Dominic 6 Maple
