# South Haringay School

Dear Parents/Carers,

Friday 22 March 2024

## Easter Egg Competition and Easter Bonnet Parade

The children in Nursery and KS1 delighted us on Thursday morning with their spectacularly decorated Easter bonnets. We held a special assembly to show off and parade the bonnets!

The children across KS2 contributed splendid and beautifully decorated eggs. There were many original ideas we have not seen before! A huge well done to all of those children who chose to take part! [Click here to see some photos...](#)

## School Streets

Last week you should have received a letter about the School Streets program. When we return from the Easter break you will not be able to drive into Pemberton or Mattison Road between 8:15am - 9:15am and 3pm - 3:45pm. [A copy of the letter is available by clicking here.](#)

## Premier League Primary Stars

On Monday, years 3 to 6 were treated to a special assembly led by Premier League Primary Stars. We were treated to a fantastic football themed assembly; it was inspiring to witness the children's knowledge of the beautiful game coming to the forefront when quizzed about the premier league. We also got to see the trophy and learn about how it was made and the clever way in which the three lions are represented. You'd be forgiven for thinking that the Premier League trophy was the main star of the show; it was, in fact, our Year 6 girl's football team, who graciously accepted their new kit!

The aim of the charity is to empower girls and boys to enjoy football with confidence and challenge gender stereotypes both on and off the pitch. Premier League Primary Stars promotes that all aspiring footballers aim to:

- be ambitious
- be connected
- be inspiring
- be fair

We are sure that the assembly certainly motivated all the children across KS2 to enjoy more sport through taking part in more physical activity, like football! A special thank you to Rose Academy, in particular, Sean for organising the assembly! And a huge well done to Daejanae, Cerys, Aya, Rosa, Kamiah, Laila, Alessia, Nicole, Naomy, Lola, Nusaiba, Beau, Evelina and Malak-wear your new kit proudly girls! [You can see some photos here...](#)

## Science Museum

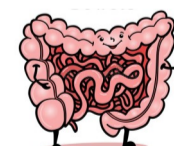

Last Thursday, Year 5 visited the Science Museum to support their current science unit-forces. The whole year group participated in a Feel the Force workshop; they loved taking part in the show as well as sharing their knowledge on air resistance, magnetism, gravity and scientists who discovered forces. They also had time to visit the

Wonderlab where they had all sorts of fun: they were able to take part in some experiments; experience friction first hand on three different slides; and even experience being a welder through a simulation task! The children spent the journey home eagerly discussing their desire to become a scientist in the future!

[You can see some photos here.](#)

Last Tuesday, year 4 visited the Science Museum; they had a fantastic time at the 'It Takes Guts' workshop. The children learnt all about how digestion works and the different nutrients we find in food. The workshop was great fun, with several children from South Haringay helping with the experiments. They even got to see a video of inside a real intestine! Thankfully, everyone still had an appetite for lunch afterwards!

### Guitars

Earlier this week 4 Poplar, and the continuers from years 5 and 6, performed for an audience of family members in their spring concert. This was their opportunity to show us how much they had improved since their autumn term concert. They all performed beautifully and with real maturity.

### Red Nose Day

We celebrated Red Nose Day last Friday. Many children wore red clothes to school. We managed to sell out of the red noses we had purchased. We emphasised the message of charity to the children, and linked to our school value of contribution. We also had a special assembly earlier in the week which highlighted one of the charities supported by Red Nose Day, called Waves Music Therapy. [You can see the video by clicking here.](#)

### Governors in School Day

Last Wednesday we held our annual governors in school day. This day provides an opportunity for our governors to experience a day in school and allows them to visit lessons, visit the playground during breakfast and eat with the children. We organised the day so the governors were able to have direct experience of some of the work we are doing around this year's strategic priorities. It was a very useful day and our governors left with smiles and their face and an even better understanding of our school.

### Visitors

Last week we hosted some more visitors who were interested in our teaching of humanities. As well as some teachers from two Enfield schools, we welcomed some of the school improvement leaders from Herts for Learning. All of our visitors were very impressed with the standards of our children's learning as well as their excellent behaviour.

### MATHLETICS

Our mathletes for last week: Adele 4 Poplar

Our mathletes for this week: Burak 5 Magnolia

Our mathlete class last week: 4 Poplar

Our mathlete class for this week: 2 Ash

Our super readers for last week: Maia 3A  
Adele 4P  
Eliz 5M  
Joseph 6A

Our super readers for this week: Arthur 3A  
Willo 4C  
Clemmie 5E  
Robbie 6A

Quiz master classes: 6 Acer

Quiz master classes: 3 Willow
