Wednesday 20 November 2024

Dear Parents,

As we approach the festive season, we would like to take a moment to update you on the plans for our end-of-year celebrations at South Haringay School.

In the Infant School, we will be holding our usual Carol Concerts (two performances), as well as the Nativity (two performances), alongside our much-loved Christmas Decoration event. We are excited about these festive occasions and the opportunity to bring our school community together.

After careful consideration, we have decided that these events, along with the in-school celebrations in both the Juniors and Infants, will provide ample opportunity for our community to celebrate the holiday season. Over the past two years, we have encountered a number of challenges in organising the Junior Concert, particularly in ensuring it runs safely and successfully alongside our other events.

As a result, we have decided not to hold a Junior Concert this year. Instead, the children in the Junior School will still be getting into the festive spirit by singing carols in music lessons and assemblies, as well as making decorations for the hall.

We are also planning a Spring Talent Showcase, where Junior School performers will have the opportunity to stage their talents for an audience. We believe this will be a wonderful way to celebrate our students' creativity and skills in the spring, and we will send out further details soon.

Thank you for your understanding and continued support. We look forward to celebrating with you all during this festive season and are excited for the upcoming Spring Talent Showcase.

Yours sincerely,

Ayse Thomas
Deputy Headteacher
