Windows

The scaffolding around the Infant School is now completely gone, leaving a very impressive-looking building with new windows. All of the windows have been replaced in the swimming pool building. The scaffolding will remain in place for some weeks yet whilst remedial works to the chimney and guttering take place. The entire project should be completed in April – well ahead of schedule.

Nursery

- The deadline for new nursery applications is March 28th, 2025.
- If you need to make any changes to your current nursery child's application, please do so by March 21st, 2025.

Be sure to mark these dates in your calendar!

South Harringay School

Dear Parent/Carer,

Royal Albert Hall

On Tuesday evening, over 30 of our children performed at the Royal Albert Hall as part of the Haringey School's Music Concert. As well as our entire choir, we had several violinists and guitarists joining hundreds of other children from Haringey Primary, Secondary and Special schools in an evening of music. Parents and carers came to watch and listen and were thoroughly entertained and certainly very proud. The talent on display from older pupils provided our children with lots of inspiration and we are pleased to say we spotted several ex-South Harringay pupils on stage. Well done to Daniel for leading the choir with such enthusiasm.

Governors in School Day

Yesterday, we held our annual Governors in School Day. All of our governors spent the full day in school. They visited lessons, sang in our assembly and enjoyed our wonderful school dinners. It gave them real insight into the day-to-day experience of the children and staff. We thank them for their time and commitment to helping our school to continue to improve.

New Book

Our Headteacher, Ian, has written a chapter for a new book about excellent schools. Ian's chapter is all about how we nurture an exceptional school culture at South Harringay. The book features chapters from 6 other Headteachers and is available from Amazon. You can find it by following this link...

Moths and Butterflies

Reception classes had an exciting visit last week. Tim Varlow (Juno and Isabel's dad) came to share his passion and enthusiasm about moths and butterflies. He showed us: photos of moth eggs under a microscope; photos of cocoons and chrysalis; and his very own specimens of moths and butterflies in a special cabinet. There was even an Atlas moth, which our very own

special cabinet. There was even an Atlas moth, which our very own Atlas (in Rowan class) loved seeing. We had been drawing Atlas moth antennae too, which we proudly showed Tim. Thank you so much, Tim! You can see some photos here...

The Harry Garrat Foundation

Thank you for your contributions to the Harry Garrat Foundation last week. We raised over £300 for this charity, which will go towards helping local children access sports. The children looked great in their sporting attire!

IMPORTANT DATES

Our super readers for this week: Milana and Seb (3W) (Seb twice in a row—a big well done) Hamish (4C) -

Calum (5E) - Ariel (6M)

Our super readers for last week: Seb (3W) - Stanley (4P) - Yanis (5E) - Arlo (6A)

Quiz master class this week: 5 Elm

Quiz master class last week: 3 Acacia

☆☆☆☆☆☆

Our mathletes for this week: Otis (4 Cherry): 3970 points
Our mathletes for last week: Beatrice (2 Ash): 2950 points

Our mathlete class for this week: 6 Maple
Our mathlete class last week: 3 Willow
