Curriculum News

The curriculum newsletters for each year group have now been sent out. They are also available on our website

In addition, each year group has posted some examples of their learning outcomes from last term. You can find these on our website by following this link and then choosing your child's year group: <http://southharringayschools.co.uk/classes/>

Clubs

Our spring term after school clubs started this week. There are still some vacancies in some after school clubs for junior children. Please contact the office for further details.

We would like to promote the morning sports clubs. They provide an excellent start to the day for children, providing a fun, physical workout which prepares children for a day of learning. There are places available and we would encourage you to take advantage of these by contacting the office for more details.

South Harringay School

Dear Parents/Carers,

Governors

This term we will be welcoming Grace Wasyluk to our governing body, as our new parent governor.

We will be hosting our governors in school for a full day on Friday, 20th March as part of our annual 'Governors in School Day'. This

day provides governors an opportunity to see our teaching and learning during a school day, as they usually meet in school outside of school hours. Observing school as it is, day to day, allows them to both support and challenge the school on its developments better.

Attendance

Back in September we explained the changes to the way Harringey issues Fixed Penalty Notices for unauthorised absences during term time. These fines may be incurred if children are taken out of school for three or more days during term time. Unfortunately, some families will be incurring some fines of this nature due to holidays during term time. Please ensure you have made any requests for term time leave in writing (forms available from the office) and well in advance, if at all possible.

Excellent Results

Shortly before the Christmas break, the official results for key stage 2 were released nationally. South Harringay has continued its record of outstanding results for all key stages. You can see the published results here: [2019 Results](#) Although we are very proud of these outcomes, our school always looks beyond the purely academic. We are also proud of children's excellent achievements and progress across the full curriculum and other aspects of school life. In particular, we hope you have noticed how many sporting events our school participates in and our recent improved performances in these competitions. In addition, the [fantastic concerts](#) we held before the Christmas break showcased the musical talents in our school; from violins, guitars and cellos to beautiful choral work.

Reading

This term, we will be introducing an online reading platform called MyOn to pupils from Year 3 to Year 6. Once the children become familiar with the platform we will be sending home more information about how you can use MyOn at home.

Term dates for academic year 2019-2020 are available to view on our website:

<http://southharringayschools.co.uk/wp-content/uploads/2016/09/Term-Dates-2020.pdf>
